WE NEED FOSTERS!

SBRET could not rescue without our foster families. Foster families allow the rescue to have a safe place to stay and rehabilitate physically and emotionally. Fostering is one of the most rewarding ways to save a life so if you are interested...

[Click here for more information and to apply!](#)

SBRET is a volunteer, 501©(3) non-profit organization. All [donations](#) are tax deductible and are used to provided medical and day-to-day care needed to save and rehabilitate the dogs we take into rescue. Your support enables us to continue our mission of saving lives. Thank you.

6 Puppies with Parvo Need Your Help Now!

The word every shelter and rescue dreads to hear - Parvo. The Parvo virus has hit this little family.

There were originally 7 puppies in this litter.

These puppies were exposed to adult dogs who had not been vaccinated, thus compromising the newborns' immunity. This is why it is so important for animals to be kept up to date on their vaccines.

One has died from the virus. The remaining 6 all have the virus.

(continued on page 2)

6 Puppies (continued from page 1)

The puppies are undergoing treatment and being monitored 24/7 at Animal ER Hospital. This level of care is their best chance for survival from this deadly virus. The costs for 6 animals with Parvo with this level of care will range between \$10-12,000. Please help us help them. This is what rescue is all about.

Please make your tax-deductible donation today!

This month's events sponsored by:

THANK YOU!

Special thanks go to Fetching Apparel for their generous donation this month and for helping other rescue groups as well.

They routinely donate a portion of their profit to animal rescue and spay/neuter organizations.

Thanks also to everybody that supports us through the Amazon WishList, Amazon Smile and the Kroger Community Rewards programs.
